**PET
HEALTH
CLUB**

As a loving owner, we know your pet's healthcare is your top priority.

Our Pet Health Club is the simple way to look after your pet's health whilst saving money.

A healthy, happy pet needs lots of care and attention, including vaccinations, worm and flea treatments, and regular check-ups.

By spreading the cost of essential treatments for your dog, cat or rabbit over 12 months, our Pet Health Club makes pet care more affordable.

Your pet gets their annual vaccination against potentially dangerous diseases, and protection against internal and external parasites.

To keep your pet in peak condition, we provide regular health checks with your vet, as early diagnosis of problems will help your pet to live a long, healthy life.

Plus, benefit from great discounts with 10% off food, and other services and products.

Pet Health Club can help to ease the worry and financial strain of owning a pet.
